CELLARSTONE  
by Apex

Cast Stone Wine Cellars & Architectural Elements

# CellarStone<sup>®</sup> by Apex

Since the advent of wine making millennia ago, people have stored wine in stone caves, due to its natural ability to consistently maintain a cool temperature. With this as our inspiration, Apex Wine Cellars is proud to announce **Cellarstone by Apex**, a new premium line of cast stone wine racking and architectural elements for our premium wine cellars. **Cellarstone by Apex** will marry the beauty and functionality of cast stone with the warmth of wood racking.

## Cast Stone as a Wine Cellar Material

A **Cellarstone by Apex** wine cellar mimics the caves that were the original wine cellars. Once the stone cools to 55 degrees, it re-radiates the cold, maintaining a constant temperature for your wine collection. Inspired by the stone artisans of old, we created **Cellarstone by Apex** as a modern stone material that is versatile, beautiful and strong.

## Custom Capabilities

The Apex design team can add custom Cellarstone elements to any cellar design. If you can imagine it, we can design and build it. Talk to your local Apex sales representative today about your design ideas.

**Examples of  
custom Cellarstone  
features**

Counter tops  
Table tops  
Base moldings  
Columns  
Capitals

Corbels  
Crests  
Crown moldings  
Custom colors and  
faux finishes

**Cellarstone by Apex** now offers the **Octavian**, an innovative new cast-stone, modular wine racking solution. This octagonal shaped tube perfectly cradles a bottle of wine and its modular nature makes it a versatile stone racking element that can be integrated into any wine cellar configuration.

# About Apex

## Global Reach, Local Service

Apex was founded in 1984 with a commitment to strong customer service. Since then, we have established a network of company-owned offices throughout the US and abroad, providing our customers with local sales consultants and installation staff. Be assured that your wine cellar will be installed by a trained, licensed and bonded Apex installation crew. We partner with the best suppliers in the world to meet our high-quality standards. This partnership enables us to offer world class products at competitive prices.
